PROJECT

DESCRIPTION	QTY	COST	TOTAL
<p>Sound system per specs with trucking and engineer for event @ Laporte Civic Auditorium. June 23 rehearsal and 24th show. System will consist of a 48 channel Crest console, EV QRX or XLC PA system (depending on availability and available rigging), All Crown Power, Shure, Sennheiser and Beyer microphones, and EV monitors.</p> <p>Our normal rate on this would be \$3,400.00 To achieve the lower rate (and to help the symphony out financially as much as possible), we will only be sending out one engineer with one console (no dedicated monitor console) and will need the following from you: 6 X Volunteer stage hands to assist with loading in on the 23rd (probably around noon or 1PM) 2 X volunteer stage hands to assist with taking down and resetting microphones (evening of the 23rd and afternoon of the 24th). 6 X volunteer stage hands for the load out on the evening of the 24th. All stage hands must be capable of lifting at least 75lbs and should have proper attire on (no flip flops, sandals, dresses, slacks, etc). Tennis shoes or boots, jeans, etc and ready to work!! Sales Tax Exemption</p>	1	1,900.00	1,900.00
		0.00%	0.00
		TOTAL	\$1,900.00
